How it all began Eisenbahn-Tradition e.V. has operated the Teuto-Express since 1986 from its base at Lengerich near Osnabrück. We have a collection of over 30 railway vehicles - steam locomotives, passenger carriages and goods wagons restored for operation or display - to give you a taste of railway travel and technology from a bygone age.

Did you know...? For your special occasions, our historic train is also available for hire! Contact us for further details.

More information in English: Keep up to date and find out more about our routes and services on our website www.eisenbahntradition.de or contact us by e-mail: eisenbahntradition@yahoo.co.uk

Do you speak German and would like to help run our historic train? You would be most welcome to join our team of volunteers! Simply come to the TWE works (100 Lienener Str., Lengerich) at 10:00 on any Saturday to find out more!

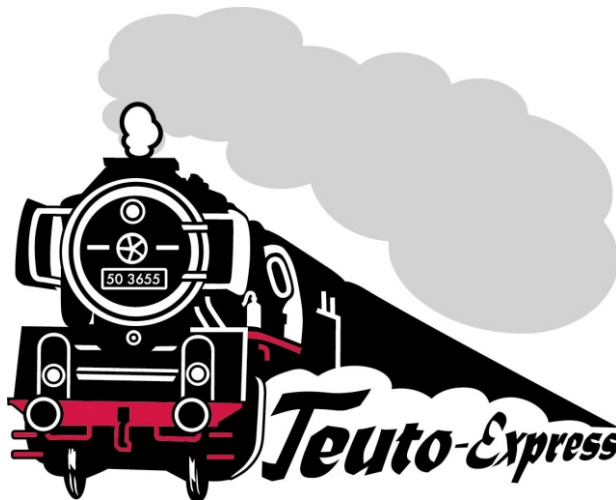

For the comfort and safety of yourself and other passengers, please...

- do not stand on seats or let children do so.
- keep an eye on children at all times.
- be careful with cigarettes, drinks and food; take home all rubbish for disposal.
- do not lean on gates, or doors, or out of the windows.
- alight only at stations; do not alight whilst the train is moving.
- be aware that ash, soot and water may fall onto you or your clothing; we cannot take responsibility for injury, cleaning or repair.

Children love the sight and sound of the train but for their safety, please keep an eye on them at all times.

It's possible to buy anytime tickets under:

www.teuto-express.eu

The times shown are correct at the date shown below but should be checked on our website prior to travel. While every effort will be made to run the services, they are subject to change without notice. Connections are not guaranteed. Should the planned historic locomotives and railway vehicles be unavailable for technical reasons, Eisenbahn-Tradition e.V. will endeavour to provide suitable alternatives. Eisenbahn-Tradition e.V. has no duty to carry passengers or their goods on these services. They may not be held responsible for losses incurred by any failure to run services and, for tickets which have already been bought, liability is limited to refund of the fare paid, at no cost to the purchaser. German law applies. E&OE
